RE: BOIL WATER ADVISORY – TOWNSHIP OF STIRLING-RAWDON

Please be advised regarding the Boil Water Advisory that two consecutive sets of drinking water samples taken at least 24 to 48 hours apart have met the microbiological standard for *Escherichia coli* and total coliforms, as set out in Schedule 1 of Ontario Regulation 169/03 (Ontario Drinking Water Quality Standards). As such, the Boil Water Advisory is now lifted and normal use of the drinking water supply can be resumed

If you have any questions or concerns, please call the Stirling-Rawdon Municipal Office at (613)395-3380.
