MEDIA RELEASE
COVID-19 Protocol Update

With the new restrictions received from the Province, the Stirling-Rawdon and District Recreation Centre will remain closed until at least January 26th, 2022. The Stirling-Rawdon Public Library will be open at reduced a capacity limit which will be posted on the door and the staff will be contact tracing.

We will continue to keep the main lobby to the Municipal Office open, however there will be no further entry into the building and staff will be required to assist the public through the glass barrier system only. All public will need to mask and we asked that only one person at a time be in the lobby. Staff will continue to wear masks with assisting the public and when not able to social distance from other members of staff.

We will continue to live streamed through the Zoom platform to Facebook live all Council and Planning meetings.

Please enjoy our outdoor spaces, however if using the outdoor spaces, please ensure you are following proper protocols (ie: wear a mask, use hand sanitizer, social distance).

Please remember, we are all in this together, and together we will get through theses trying times.

Mayor Mullin on behalf of Stirling-Rawdon Council and Staff would like to thank the community for being proactive. Please stay safe and healthy.
